Please find the agenda for the conference below. Speaker details will be updated throughout the run up to the conference.

Our programme has been built around three key themes. To find out which sessions fall into each theme, please click [register now](#) [2] where you will be able to view this in more detail.

- Future scanning
- Technology
- Guidance and evidence

08:00 -
09:00

Registration and refreshments

09:00 -
09:20

Welcome from the Chair of NICE
Sir David Haslam, Chair, **NICE**

NICE futures

Over the last 20 years NICE has made a significant contribution to improving outcomes through its guidance standards and indicators, and has been at the heart of the drive for evidence-based care, adoption of innovative practice and giving people a voice in the health and care system. The opening plenary assesses the impact of this contribution and discusses the role NICE should play as it enters its third decade.

09:20 -
10:10

Chair: Dr Phil Hammond

Sir Andrew Dillon, Chief Executive, **NICE**

Eric Low, Independent Healthcare Consultant and former CEO of Myeloma UK

Shirley Cramer CBE, CEO, **RSPH**

Prevention or pills?

How should we balance investment in public health programmes with transformative medicines to ensure that we have a sustainable, effective health service?

10:10 -
10:50

Chair: Dr Phil Hammond

Professor Yvonne Doyle, Regional Director London, **Public Health England**

Simon Nicholson, Market Access Director for the UK, **MSD**

Gareth Arthur, Director of Strategy and Policy for Specialised Services, **NHS England**

10:50 -
11:30

Morning refreshments and networking

11:30 -
12:25

NICE: impact and future vision

NICE's work has stimulated global interest in using evidence to inform judgments about value for money and effectiveness. The final session looks at advances in this field in the UK, US and worldwide, discusses how the adoption of new technologies and practices is managed and reveals NICE's transformational plans to develop and present its work through agile, interactive and adaptable guidance pathways.

16:20 - 17:00

Chair: Dr Phil Hammond
